Dear Mr. Turner:

On 9 June of this year I wrote you concerning the JFK Assassination. It is rather important for me to find out what significance if any, is attached to the numbers DD 19106 and DD 10206 which appears on page 57 of Oswalds notebook. I have been working on the case with several others for two years now and your assistance in this matter may be most helpful. Hope you will reply.

Also, there is the use of numbers such as T-1 and T-3 (etc.) which are used in several of the official reports. I understand that at time it has been the FBI's policy (in field offices) to credit information to such numbers when that information was secured by wire-tap. Do you think this to be the case in this matter?

Sincerely,
